**RYKO ANNOUNCES DISTRIBUTION IN THE UPSTATE NEW YORK  
MARKET!!!**

GRIMES, IOWA, Sept 1, – Ryko Manufacturing, the largest manufacturer of carwash equipment in North America, has signed a distribution agreement with Cortland Pump & Equipment Co. to represent Ryko’s full line of car wash systems in the Upstate NY market.

The complete line of Ryko vehicle wash systems is available immediately from Cortland Pump. Craig Williams, General Manager of Cortland Pump, and his team have many years of experience in providing outstanding service and support in the NY market.

Cortland Pump has Ryko’s full Sales, Service, and Marketing support. Customers in NY can work with Cortland and Ryko to reduce their total costs and optimize the performance of their car wash locations.

Ryko will continue to operate, directly, the local service team that currently services hundreds of machines in that market. The service team will be closely aligned with Cortland Pump to guarantee seamless support. Combined with Cortland Pump’s Sales Team, no one in the market can provide the same, quality level of sales and service.

**ABOUT RYKO MANUFACTURING** Ryko is the largest manufacturer of car wash equipment in North America, providing a full line of friction and touch free roll-over car, truck, bus and van washes along with conveyORIZED, drive through and self-service car wash equipment, and a complete range of vehicle wash support systems including activation and marketing systems, connectivity and loyalty solutions, maintenance services, and complete chemical and delivery packages.
