

ALL NEW

SOFTGLOSS MINI-EXPRESS

The ideal retrofit solution for auto dealers, fleet and C-stores.

50+ cars per hour

Converting to a high-volume mini-tunnel is easy, affordable and profitable

If you've got 35 feet of bay space and an underperforming in-bay automatic, you've got what you need to make the switch to a profit-producing mini-tunnel. Ryko's SoftGloss Mini-Express puts the industry's best mini-tunnel retrofit solution into the smallest space, setting you up to triple your throughput.

IT PAYS TO CONVERT

- Easy conversion for slow-moving, in-bay automatics requires just 35 feet
- Compete with the upsurge in express tunnels in your market
- Triple your throughput to as many as 50+ cars per hour
- Pump up the profits with wheel and tire add-ons
- Cut installation costs with minimal downtime and little or no site changes
- Save even more through reduced water and chemical consumption

SOFTGLOSS MINI EXPRESS

Longer equipment life and a gentle, superior clean

Highest conveyor speeds

Top-quality engineering and automation reduces labor and maintenance and boosts profits

Environmentally sensitive designs reduce water, chemical and electricity consumption

IT DOESN'T TAKE MUCH TO CONVERT

Give us 35 feet and we'll turn your slow, underperforming in-bay automatic into a new profit center. Here's how:

CONVEYOR

1 EXPRESS CONVEYOR

Simple to operate, easy to maintain and bulletproof tough, the Express Conveyor features lower clearance, a 14-inch opening, and dual call-up cylinders.

DRY

4 DRYING SYSTEM

Engineered for safety and performance with complete airflow control at 165–185 mph. Aerodynamic shape and molded, stainless steel-reinforced housings make less noise.

5 AIRFLOW LOCKS

Prevents debris from blowing out of truck beds. Lightweight, energy-saving air valve dramatically cuts energy consumption and costs by up to 30 percent.

WASH

2 TOP-SIDE COMBO WASH

Combining top and side brushes, this dynamic duo outperforms mitts and excels in hard-to-reach, problem areas.

3 LOW-SIDE WASHER

More cleaning power in less space with excellent wash consistency and controlled cleaning pressure. Soft foam brushes permit higher rotational speeds for the cleanest wash.

WHEEL AND TIRE ADD-ONS

Boost your new profit center even further by adding three of the industry's top-performing wheel and tire cleaning and shining options.

6 TIRE SCRUBBER

Our patented cam-style foam brush design gets down deep to scrub rims and tires clean.

7 TIRE SHINER

Produces shiny tires with a patented precision chemical distribution system that reduces waste and cost.

8 HIGH-PRESSURE WHEEL CLEANER

High-pressure water aggressively cleans alloy rims, tires, wheels and running boards.

35'

Do you have 35' x 15' of available space?*

Then you've got potential to triple your throughput and increase your revenue.

* Actual conveyor length will vary depending on rear-wheel push or front-wheel pull scenarios.

CORE EQUIPMENT

- ✓ Top-Side Combo Wash combines top and side brushes
- ✓ Application Arches—precise and thorough chemical application
- ✓ Fully electric, including conveyor—sets the industry standard for the safest, easiest and cleanest clean
- ✓ Drying System with Airflow Locks—safe, thorough and superior drying

SUPPORT EQUIPMENT

- ✓ Tunnel Controller
- ✓ Motor Control Center
- ✓ Integrated Wash Water Recycle System
- ✓ Spot-Free Water Conditioners

WHEEL AND TIRE ADD-ONS

- ✓ Tire Scrubber
- ✓ Tire Shiner
- ✓ High-Pressure Wheel Cleaner

TECHNICAL REQUIREMENTS

SoftGloss Mini-Express

With Wheel and Tire Add-Ons

Tunnel length	35' (10668 mm)	35' (10668 mm)
Tunnel width	15' (4572 mm)	15' (4572 mm)
Tunnel height	12' (3658 mm)	12' (3658 mm)
Electrical	208 V 200 AMP 460 V 100 AMP	208 V 350 AMP 460 V 150 AMP
Water	85.1GPM • 322.1L/min	105GPM • 397.5L/min
Air	8 CFM • 226.5L/min 90PSI Min-6 BAR	10 CFM • 283L/min 90PSI Min-6 BAR

Find out how easy it is to convert your underperforming in-bay automatic to a fast-moving, reliable, high-performance SoftGloss Mini-Express.

SOFTGLOSS MINI EXPRESS

INTRODUCTORY OFFER!

**Save \$7,500 on a NEW
SoftGloss Mini-Express**

- \$5,000 factory rebate on equipment purchase
- \$2,500 CleanTouch chemical starter kit

Go to ryko.com/mini or call **855-872-1930** for more details.

PLUS!

One FREE CleanTouch Reach Arch (\$3,500 Value)

Includes foaming applicator, LED light and standard graphics packages
