

SOFTGLOSS DRIVE-THRU

Drive Customer Satisfaction,
Volume and Revenue

Meet Ryko's newest car wash system: the SoftGloss Drive-Thru. Featuring the low-maintenance, high-quality equipment you've come to expect from Ryko, the SoftGloss Drive-Thru is perfect for automotive dealers, fleets and rental agencies. Its consistently clean results and high throughput will attract new customers to your business and provide a value-added service that will enhance customer satisfaction and increase service business.

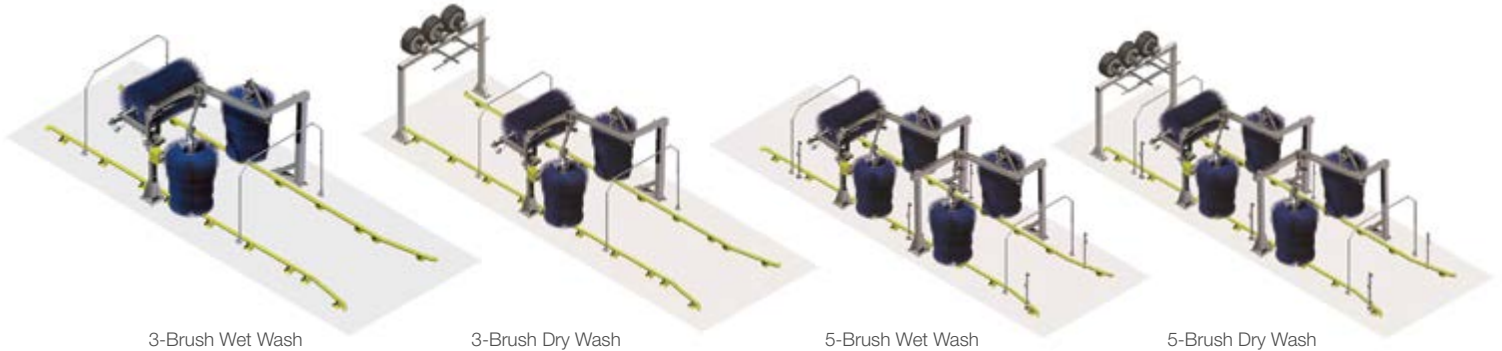

FEATURES AND BENEFITS

Providing a freshly washed car is an easy and cost-effective way to improve customers' satisfaction and your company's sales and customer retention rate—and it's a painless process with the SoftGloss Drive-Thru. Installing the Drive-Thru is quick and easy, with minimal downtime. The system's small footprint minimizes the space needed to add a car wash, and the plumbing and electrical requirements are simple.

- Increased customer satisfaction and return business
- Minimal space requirements
- Simple plumbing and electrical for easy installation
- Excellent wash consistency
- Reduced labor and prep costs for a lower bottom line
- High throughput performance
- Rugged, low-maintenance equipment
- Available in drive-through or drive-in/back-out configurations
- Wraparound and top-brush combo combines top and side brushes for maximum cleaning power for vehicle front, sides, rear and top
- Arches provide precise and thorough chemical application and rinsing
- Guide rails provide easy and accurate vehicle navigation
- Wash control center integrates all wash components into one easy-to-use control unit
- Tech 21 blower—includes flash dry (optional)
- Rocker panel brush (optional)
